PARENTS PLEASE NOTE

Students absent from school
Please note changes to School Attendance Policy. Where a student is absent from school, a note explaining the absence must be received by the school within 7 school days. Where a note is not received the absence will be recorded as unjustified. This cannot legally be changed should a note be received after 7 days. Absences both justified and unjustified are recorded on school reports.

From the Principal

As the academic year draws to a close, I would like to take this opportunity to wish all members of our school community a very happy Christmas and a prosperous and exciting new year! It seems that 2016 has just flown and we are now at the point where we reflect on our work during the year and look forward to all that 2017 has in store.

Orientation Day for Year 7, 2017

On 6 December, we welcomed our incoming Year 7 students who will join us in 2017. It was a very successful day and I would like to thank the Year Advisor, Ms Carol Fong and the Assistant Year Advisor, Ms Jill Peruzzo for their attention to detail in planning the day and for their care of our newest students. Thanks also to our students who assisted with the day, from our Captains, Melita and Ashraf who spoke at the assembly about their experiences as new students in a large high school, to those who showcased the very broad range of activities available to students at Macquarie Fields HS.
Back to School 2017
School Development Day 2017 for staff only will be held on Friday 27 January, 2017. Year 7 students will commence on Monday 30 January, with students in Years 8 – 12 returning on Tuesday 31 January.

School Reports Years 7-10
Reports for Years 7-10 were issued to students on Thursday 15 December. Please discuss the report with your child and should you have any concerns, please contact the school early in the new school year to speak to the relevant teacher or Head Teacher.

Staff Changes for 2017
As is usual at this time of year, we have some changes to our staffing and sadly, we say farewell to some of our team. Mr John Wilkie, Head Teacher English will be retiring after many years of service to students. Mr David Ralston, Head Teacher Industrial Arts is also retiring at this time, with a quite similar amount of service to our students. I wish John and David all the very best in their retirement. I know they are both gentlemen who will have many new ventures to explore, so there is no chance that they will be bored in retirement!! On behalf of our students and teachers, I would like to thank you for your service, your professionalism and your collegiality. You will be missed at Macquarie Fields HS. Mrs Gai Lees, from the History/Languages Faculty is taking extended leave prior to retirement. Thanks, Gai for your contribution to the education of students at Macquarie Fields HS. Enjoy your leave.

Ms Gaye-Lee McKeown, from the English Faculty was successful in gaining a position as Teacher Mentor at Bankstown Senior College. This position is temporary for one year at this stage so this may not yet be “goodbye” just yet! We wish Gaye all the best in her new position.
Dr Michael Moller will be acting Head Teacher, English until the position is advertised. Dr Moller has most recently been the Rel HT Welfare and Year 12 (2016) Advisor. Thanks to Dr Moller for taking on this position.

I will advise of any other changes to staffing in the first newsletter of 2017.

Presentation Day 2016

Our 2016 Presentation Day was held on Monday 9 December. This ceremony gives us an opportunity to recognise outstanding academic effort and achievement, as well as those students who have contributed to the life and culture of the school through their leadership, involvement in the arts or sporting ventures. We are indeed fortunate that at Macquarie fields HS, there is no shortage of students who participate in the wider life of the school and deciding who receives these special awards is always challenging! I have included the award recipients in this newsletter so their success can be more widely celebrated. I would like to thank our Captains and Vice Captains, Melita, Ashraf, Aidan and Megha for their outstanding contributions to ensuring the day was a success and special thanks also to Mr Perry Celestino, Head Teacher, Social Science and his team for their organisation of the day. Of course, the day would not have been the success it was without the support of our parents and community members. As usual with events at our school, we had an excellent roll up of parents and friends and I would like to pass on my thanks to all involved.

Looking ahead to 2017

We have another busy year ahead of us in 2017! Next year is the final year of the three year plan and we will commence our evaluation of the current plan mid year, with planning taking place following the evaluation and consultation with our community.

We are looking to enhance the opportunities we have on offer here for our students and, as always, we will maintain our relentless focus on teaching and learning, with ongoing professional learning for staff to ensure we have expert teachers teaching your children.

Once again, I wish you all the very best for Christmas and the new year and look forward to a new academic year and all that 2017 brings.

Mrs J Dolstra
Principal

Dux of 2016 – Year 7, 8, 9, 10, 11
Dux of 2015 – Year 12

NOVEL NOTES FROM THE DEPUTY PRINCIPAL

This being the final newsletter for 2016, I would like to wish all members of our school community a very merry Christmas and a bright, happy and prosperous new year.

Again it has been a very busy time for all those involved in a vast range of activities, but this involvement has certainly allowed for a very positive end to the year. On December 6th, we welcomed our incoming Year 7 students at our Orientation Day.

Another fabulous day!

The students seemed to be very comfortable in their new surroundings and were warmly welcomed by their Year Advisor (Year 7, 2017) Ms Carol Fong and the Assistant Year Advisor, Ms Jill Peruzzo.

RETURN TO SCHOOL IN 2017

School starts back for Year 7 on Monday, January 30th, 2017. Students should present in full school uniform, including black leather lace up shoes, on this day. Students will be dismissed from school at 3:20pm.

School starts back for Years 8 – 12 on Tuesday, January 31st, 2017. All students should present in full school uniform, including black leather lace up shoes, on this day. All students will be dismissed at 3:20pm.

New enrolments must make an appointment with the Deputy Principal (Welfare and School Management) through the front office, for Wednesday, February 1st, 2017. When contacting the school please ask to speak with Mrs Tracy Smith.

Term 1 ends on Friday, April 7th, 2017.

SCHOOL REPORTS – Years 7-10

Yearly school reports were issued on Thursday, December 15th. Please read over these reports and praise the efforts of your child during the course of the year. It can be useful to note areas of weakness and reflect on the suggestions offered by staff that can help to bring some improvement in your child’s results next year. Reports can be a valuable tool for parents to sit down with their child and formulate some goals for the following year. If you feel the need to discuss any aspect of a report with your child’s teacher please phone the school next year and ask to speak with the teacher or the Head Teacher of the faculty concerned. Year 11, (Year 12, 2017) reports were issued on Friday, November 11th.

Students absent from school when reports were issued have had their reports posted home.

SCHOOL CONTRIBUTIONS

In this issue I have included a copy of the school contributions for 2017. By paying these fees you are directly contributing to and enhancing the quality of educational resources that we can provide for your son or daughter. School contributions may now be paid online.

We can also arrange for these contributions to be paid in instalments if you wish. Your contributions are essential in optimising the opportunities for students.

Elective fees are compulsory and students should be aware of this when selecting particular courses.

There are elective course offered which incur no fees so if the payment of fees is difficult for families, students should be advised by their parents to choose subjects which incur no fees.
All students are required to clear through the front office at the end of each academic year. Clearance is facilitated where all fees have been paid in advance of this day.

**Students in Years 8 and 10 who have not paid compulsory subject fees will need to rethink their elective choices in 2017 where such choice involves the payment of compulsory subject fees.**

**BOOK REQUIREMENTS 2017**
I have also included in this issue and for each year, a list of subject requirements approved by Head Teachers of faculties to assist you in planning for this aspect of your child’s return to school in 2017. Please use this list when making purchases.

**UNIFORM**
There is a strong expectation within the school and also within the community that Macquarie Fields High School students wear full school uniform. I am pleased to say that the vast majority of students and parents support what we as a school value in terms of uniform.

Uniforms help to keep students safe. First and foremost, we can easily identify our students within the school and also outside the school should it be necessary.

Uniform should be worn with pride as it signals to others that we attend Macquarie Fields High School and that we are proud of our school and that we want to advertise this fact.

Additionally there is an expectation in society that all people dress appropriately for the workplace, something our students should discipline themselves for as they will sooner or later enter the workplace on a part-time and/or full-time basis.

We no longer have a uniform shop on site at Macquarie Fields High School. Uniform is supplied by Lowes. Our uniform is available for purchase from the Lowes shop in Minto, or purchases may be made online.

Please purchase the correct uniform from LOWES the only official supplier of uniform to Macquarie Fields High School.

On Wednesdays when students in Years 9-10 have sport, they may attend school in either full sports uniform (including sports shoes) or full school uniform (including black shoes). A student attending on Wednesday in full school uniform would need to bring sports uniform and shoes with them in a separate bag.

Students in Years 7-8 have integrated sport and should wear full school uniform on these days and change into their sport gear for their relevant sports’ period.

Following consultation with the NSW Department of Education and Training’s ‘Equipment Safety in Schools’ and ‘Chemical Safety in Schools’ documents, and having regard to the nature of activities students undertake in their various courses of study, it is important that all students wear appropriate footwear to school.

To comply with our school uniform policy and to satisfy the safety requirements in science laboratories and the various practical work areas in the school, all students are required to wear black **fully enclosed, lace up, leather shoes.** Footwear with stout sole and firm leather upper must be worn. In general, only lace up style shoes fit this requirement.

A student whose shoes do not meet footwear safety standards may be excluded from participating in a particular aspect of practical
work, for their own safety, and an alternative activity provided.

There will be occasions where, for whatever reason, a student attends school dressed inappropriately or not wearing a part of the correct school uniform. Should this be necessary, students are asked to bring a note from home explaining why they are out of uniform. This note should be handed to the Deputy Principal School Management and Welfare first thing in the morning before roll call so that a uniform pass can be issued.

Uniform is checked daily in roll call. Students not following school policy by obtaining a uniform slip will be placed on lunch detention for that day.

**ATTENDANCE AND LATENESS TO SCHOOL**

Students who arrive late to school must report directly to their roll call teacher who will electronically record the student’s lateness.

Students arriving after roll call must report to the front office and sign in. Patterns of attendance are monitored electronically and consistently late students will be interviewed by the Head Teacher Administration.

All students late to school must bring a note from home with them to school on the day of lateness or the very next day. Ongoing failure to notify lateness to school (or patterns of lateness to school) may result in an after school detention (Mondays 3:20pm to 4:20pm) and/or a parent interview.

Rolls are also marked, electronically, period by period, so the absence of a child from class who has presented at roll call, is immediately noticed by the classroom teacher and reported to the front office. This has reduced incidences of fractional truancy.

Parents should understand that lateness to school by a student is not tolerated. The Home School Liaison Officer, who works out of Riverwood District Office, has advised that chronic lateness to school will be treated as long term absence and that intervention with the student and parental interviews will occur to develop strategies to improve overall attendance.

Parents who condone such absences face a fine of up to $11,000.00 per child per year if prosecution is warranted.

Where your son/daughter/ward is absent from school, a note must be received from a parent within 7 days of their return to school otherwise the roll will show the absence as unjustified. After this seven day period, the rolls **cannot legally be adjusted** to reflect a reason for the absence.

Parents are notified of student absences via an SMS text message (or in some cases – email). Please respond to these messages/emails ASAP. You need only hit reply and then explain the nature of the absence and send. This automatically updates the roll and there is no further need for a written note. Your response is a legally recognised notification of your child’s absence. Notes re absences are no longer posted home.

**Using the aforementioned system requires parents to take full responsibility for keeping the school fully informed and up to date in regard to parental mobile phone numbers and email addresses.** For the system to work properly, this is critical in keeping you properly informed of your child’s attendance.

**MOBILE PHONE PERMITS 2017**

Students who wish to bring a mobile phone to school must have the permission of their parents to apply for a mobile phone permit. Students who
You must apply for a new permit next year.

Students and parents should read the conditions for holding a mobile phone permit which form part of the application form. Students using mobile phones at school for any reason, or who bring a phone to school without a permit, will be suspended from school for a minimum period of 24 hours as this is considered to be a serious infringement of the school’s Code of Conduct.

The school recognises that some parents want their child to have the protection afforded by a mobile phone. We are happy meet this need provided there is agreement on the conditions regarding mobile phones.

There is a two week period of grace for new students to our school at the beginning of the year. During this time new students must apply for a permit. They may bring a phone to school during this time but it must be switched off when they enter onto school grounds and they cannot turn it on until they leave the school gates at the end of the school day.

**SCHOOL CANTEEN**

“Healthy Canteens Australia” hold the lease on our school canteen. A copy of their menu is at the end of this newsletter and gives you an idea of the healthy food options available to students next year. They won the tender in 2013 because of the excellent quality and variety of food they promise to deliver at reasonable prices to our students. Their menu also reflects the cultural diversity of our school.

**ANTI-BULLYING PLAN**

The School’s Well-Being Pillar Team has revised and issued our new Anti-Bullying Plan. If you would like a copy of the current plan, please contact the school. The Plan is also available on our website.

If you are concerned that your child may be subject to inappropriate behaviour or intimidation by others, please do not hesitate to contact your child’s year advisor, the Head Teacher Welfare or the Deputy Principal, School Management and Welfare.

I wish all students, their parents and our broader school community, a safe and joyous Christmas and a wonderful New Year. See you back here in 2017.

**Mr Mark Tishler**

**FROM THE DEPUTY PRINCIPAL**

**CURRICULUM AND PROFESSIONAL LEARNING**

**Learning – Adopting a Growth Mindset**

Learning is our core business at Macquarie Fields High School. We encourage lifelong learning for our students, teachers and for our community citizens. Our school has had a focus on promoting a growth mindset towards learning. The following are some quotes that relate to this concept.

- **Eighty percent of success is related to attitude rather than competence.** (Source unknown)
- **High expectations are the key to everything.** (Sam Walton)
- **Ask, how will they learn best? Not, can they learn?** (Dr Carol S.Dweck)

Dr Dweck explains why it’s not just our abilities and talent that brings us success, but whether we approach our goals with a fixed or growth mindset.
Subject Changes

Our new Year 12 have already been making decisions about the subjects they will take through into their HSC and many will continue to do so into the early stages of next year. Students and their parents need to think carefully before dropping down to 10 units of study, particularly if the decision is only based on a perception of ‘extra time to study’. There is no time limit on making these decisions and it is far better to make a considered and informed decision.

As Year 10 move into their senior education next year we have tried to ensure we have a range of subjects to meet the different learning needs of our students. Some students will find themselves in subjects that don’t suit their needs. Students can see myself to discuss subjects from the end of Week 2. Changes will only be possible if a position in the class is available. At Macquarie Fields High School, we are committed to ensuring that we meet the learning needs of all of our students and we ask that both parents and students access the school’s staff and resources in these important years when decisions about the future are being made.

Year 7 Curriculum Changes

Students in Year 7 2017, will be doing an extra period of English, Mathematics and Science. These changes are an important initiative that our school is implementing to meet the revised standards of the Higher School Certificate. There has been a restructure to the Year 7 curriculum pattern to accommodate for these changes. 2017 will see the Enrichment and Elective classes for Year 8 being phased out.

Year 7 Classes – 2017

Year 7 students will be assessed in writing and numeracy in the first few weeks in 2017 to ensure that we have identified the appropriate students requiring support in literacy and numeracy. As a result of our testing there could be some changes to Year 7 classes at the beginning of the year.

Finally, may I wish all students, staff and community citizens all the best for the holidays. I strongly encourage our Higher School Certificate students to spend some time ensuring they are well set up and prepared for their HSC year. Quality work at all times is important if final results are to accurately reflect each student’s potential.

I hope all our families enjoy a happy and safe Christmas break and I look forward to working with you all in 2017.

Mr Justin Perrett
